

I am writing to urge you to stop Sinclair Broadcasting from forcing their stations to air "Stolen Honor", an anti-John Kerry "documentary". Their strongarm tactics are an insult to the fact that they get the airwaves for free and are obligated by law to serve the public interest.

This kind of partisan control of the media and misuse of the airwaves is a grave danger to our democracy. We need to get objective broadcasting, not propaganda for either of the parties.

Here is a real example of the danger of media consolidation and shows why we need to strengthen media ownership rules, not weaken them.

Thank you.
